

ITOH Peony

For years, growers had attempted to cross the hardy, herbaceous Peonies with the tall and elegant Tree Peonies with their gigantic flowers. Japan's Toichi Itoh got the job done. We are offering the flowers of his labor: the big, beautiful Intersectional ITOH Peony Hybrids. You can't miss these vibrant colors and giant flowers across the room or garden. A premium product that regularly retails for more than \$50 per plant.
