## Geranium – Crispum ANGEL EYES® Series

The smallest of the Regal types is anything but timid. ANGEL EYES® are extremely floriferous, displaying unique pansy-faced flowers with vivid markings that bloom beautifully all summer. Bushy and naturally compact, they have no need for PGRs and require less water and fertilizer than standard Geraniums. Growing cool for the final one-third of the production cycle will improve quality, though no cool treatment is needed under high light conditions.

ANGEL EYES BICOLOR (*pacbicolor*)  
Mid-April flowering. Compact growth.

ANGEL EYES BURGUNDY (*pacburg*)  
Mid-April flowering. Compact growth.

ANGEL EYES ORANGE (*pacorio*)  
Early-to Mid-April flowering. Compact growth.

ANGEL EYES PICOTEE (*pacra*)  
Early-April flowering. Compact growth.

ANGEL EYES BURGUNDY RED (*pacbured*)  
Early-April flowering. Compact growth.

ANGEL EYES LIGHT PINK (*paceeyes*)  
Late-March flowering. Very compact growth.

# Geranium – Grandiflora ARISTO® Series

The next generation of Regal Geraniums has arrived, with a strong bud count and non-brittle foliage (for easier shipping.) ARISTO® varieties flower earlier than standard types, so your customers won't wait long to enjoy a phenomenal range of colors and patterns. And as a cool crop, they require less heating than standard Geraniums.

MRS. POLLOCK *NOT SHOWN*

VANCOUVER CENTENNIAL

## SCENTED GERANIUMS

Stir the senses with strongly scented foliage and touchy-feely textures. This terrific range of botanical-type plants has reliable, clean material and a surplus of consumer appeal.

ORANGE FIZZ

PX FRAGRANS *NOT SHOWN*

## SAXONIA®

This vigorous interspecific hybrid covers up to 6 square feet per plant and grows well in part shade and dry areas. Great landscaping, self-cleaning and excellent weather and disease resistance. Best grown in larger pots. Excellent in 1 gallon pot.

SAXONIA ORANGE (*shacor*) *NOT SHOWN*

SAXONIA PURPLE (*share*) *NOT SHOWN*

SAXONIA VIOLET (*shalet*)

## PILLAR®

Larger growing with longer internodes, this series is excellent for use in 1-3 gallon pots grown on a stake. Beautiful and heat tolerant, they do well in a wide range of uses.

PILLAR FLAME

PILLAR PINK (*Tikpink*)

PILLAR SCARLET (*Tikscarl*)

PILLAR VIOLET (*Tikvio*) *NOT SHOWN*

## FIRST YELLOW

This breakthrough in breeding by Elsner pac has brought an entirely new color-range to geraniums. This Zonal-type plant has soft yellow flowers and is excellent as a specimen or in mixed containers. Limited availability, so book early.
