GRAPES

From Left: Pixie Grapes Pinot Meunier Purple, Cabernet Franc, Pinot Meunier White, and Riesling

Amazing miniature clusters of grapes on a dwarf grapevine can be grown indoors or out—a small plant that's easy to care for with continual fruiting. This variety of grape is typically used to produce champagne or wine and can be enjoyed fresh, or used as a simple garnish. Sweet, tart flavor. Hardy to Zone 3 in the ground, protect if in container. Non-GMO.

Vitis vinifera **PIXIE GRAPES 'CABERNET FRANC'**

CPBRA, USPP 'VDG002' Upright, full plant with large, almost flat leaves. Very prominent purple veins, purple, sweet grapes.

Vitis vinifera **PIXIE GRAPES 'PINOT MEUNIER PURPLE'**

CPBRA, USPP 'VDG004' Nice, upright, full plant. Some anthocyanin in petioles and stem, leaves medium green, medium wrinkled. Sets tendrils, purple, sweet grape, few seeds.

Vitis vinifera **PIXIE GRAPES 'PINOT MEUNIER WHITE'**

CPBRA, USPP 'VDG003' Medium dwarf, medium to large, dark green leaves, predominantly shallow indentations, almost no anthocyanin, yellow, sweet grape.

Vitis vinifera **PIXIE GRAPES 'RIESLING'**

CPBRA, USPP 'VDG001' Light-green foliage with prominent purple veins, 3-5 lobbed younger leaves, numerous tendrils, white, sweet grapes.

DORMANT BARE ROOT Plant bare root upon arrival in 6"–1GL or store at 40°F / 5°C until planting.

HEIGHT x SPREAD 14–20" x 8–12"

PLANTING/TIMING 12 weeks to retail ready

CROP TIME BY CONTAINER SIZE 12 weeks for 6" or 1GL

LEAD TIME Prebook early

MEDIA Well drained soilless mix

IRRIGATION Keep soil moderately moist. Growing too dry could result in plant loss or small fruits.

TEMPERATURE 58–60°F night; 75–80°F day. Greenhouse production recommended for 12 week finish.

HUMIDITY 65-85%

LIGHT Full sun

FEEDING Feed with general fertilizer, 17-5-17 @1.2 EC continuous / pH 5.5.

MARKETING Tags ship with plants and are included in price. Optional branded containers and trellises will be available.

SHIP WEEK 5
