Great things come in small packages.

BUZZ™ Buddleja is an exciting series of dwarf Butterfly Bush varieties. At one-third the size of standard varieties, BUZZ displays restrained yet robust growth, but maintains the elegance and large, shapely flowers of the standard types.

From left: BUZZ Buddleja Hot Raspberry, Ivory, Lavender, Magenta Imp., Midnight, Purple, Soft Pink, Sky Blue, Velvet

BUZZ Buddleja series is a superb performer for both grower and gardener. Bred to be compact—one-third the size of standard Buddleja—these varieties ship well and are excellent in large containers or mixed pots. They flower quickly from liners in small pots, which makes for a quick turn and increased profits.

POT SIZE/CROP TIMES:

5–6"	6–8 weeks
1-gallon	8–10 weeks
2-gallon	12–16 weeks

PLANTS PER POT: 1 plant per pot

PLANTING: Pot March to July depending on desired finished product size and finishing date. Soft pinch 8–10 days after potting recommended.

SOIL MIX: Well-drained peatlite mix or high-quality nursery mix, neutral pH, good water and nutrient retention.

TEMPERATURE: Start early crops in greenhouse. Outdoor cultivation in full sun recommended once danger of frost has passed.

LIGHT: Best when grown under full sun conditions. Flower initiation under long days (14h+).

PLANT GROWTH REGULATORS: BUZZ varieties are naturally compact and bushy, hence do not require PGR treatments when grown under outdoor conditions.

BUZZ varieties have full-sized, graceful, tapering flower spikes maintaining the elegance other dwarf varieties lose. Wonderful for summer production—ideal for gallon pots in late-summer and autumn sales. Hardy Zones 5–11.

BUZZ BUDDLEJA HOT RASPBERRY^{PPAF}
Vivid hot raspberry-pink flower spikes
