

Fall 2009 [Phormium] Variety List

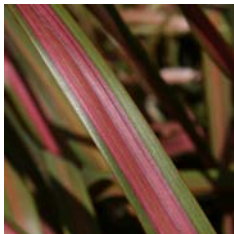

P. tenax 'Apricot Queen'

Height: 4 ft. (1.2 m)

Leaf Width: 2 to 3 in. (5 to 7 cm)

Description: Soft yellow & cream striped variegations, tinged with apricot colors. Older leaves fade to yellow-orange. Upright habit.

P. cookianum 'Jester'

Height: 3 ft. (90 cm)

Leaf Width: 1.25 to 2.25 in. (3 to 5.5 cm)

Description: Bright pink centers with broad, lime-green stripes at the margins. Upright habit with leaves slightly arching.

P. cookianum 'Rainbow Sunrise'

Height: 2.5 ft. (80 cm)

Leaf Width: 2 to 4 in. (5 to 10 cm)

Description: Variegated bronze-green with red & pink stripes. Older leaves become more yellow. Slightly arching habit.

P. cookianum 'Waitara Gold'

Height: 3 ft. (90 cm)

Leaf Width: 2 to 3 in. (5 to 7 cm)

Description: Apricot and yellow on the edges with a green band down the center.

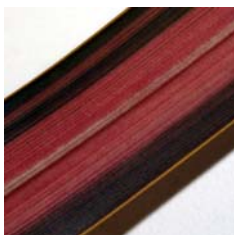

P. cookianum 'Yellow Wave'

Height: 3 ft. (90 cm)

Leaf Width: 1.25 to 3 in. (3 to 7.6 cm)

Description: Yellow with green variegations; wide yellow band down the center and stripes of green variegation toward the margins; upright, but distinctly arching; especially as the plants get older.

P. tenax 'Pink Panther'

Height: 2 to 3 ft. (60 to 90cm)

Description: Small to medium sized phormium; presents multiple fans with slightly arching habit.

Young leaves have candy-pink centers and darker red margins, but colors change to more apricot and bronze as leaves mature.
