Plug Connection has seen unprecedented growth in new programs over the last year, and I would like to start by thanking you for your contribution to our business. We hope you find our new products both innovative and profitable.

We've worked hard to improve our communication with you in several ways. Though our weekly availability message, we let you know about the most currently available products that you are—or should be—growing. We also work to give you program updates in a way you can easily use and share with customers.

In an effort to give targeted technical information in a quick and dynamic format, our team has been visiting with more of you via personalized webinars that combines video conferencing with personalized content. These are meant to share the best and most current information about new programs on offer—most especially our Mighty 'Mato program of grafted tomatoes.

This year, we're extending some series and adding entirely new programs. One of the most exciting is our new SUPREME Basil Collection. This incredible new breeding has created a rarely-flowering and strongly disease resistant collection of high-oil content vegetative basil. In addition to offering new programs, our team has updated our product listings to reflect the most current and popular varieties available for easy ordering of your favorite seed, vegetative and tissue culture varieties.

To take full advantage of all these resources plus get behind the scene content to this catalog, simply go to plugconnection.com where you'll find downloads, sign-ups and links to answer questions and make buying decisions easy.

Tim Wada
Owner and President

MEET OUR TEAM

The Plug Connection team is the central processing unit of our electric operations, ensuring high quality products, an exceptional customer experience and an answer to any question. Horticultural specialists and masters of logistics, they dedicate themselves to getting you the very best plants, right when you need them.

Nicole Jackson

Sales and Marketing Director
nicole@plugconnection.com
cell 760.497.1087

With more than a decade of experience in horticultural sales, marketing and brand development, Nicole focuses on our exclusive lines including Mighty 'Mato, Mesa Magic, Tessera, and Organiks helping brokers, growers, and retailers implement successful programs. Nicole has a BS in horticulture business from Colorado State University. She stays healthy running, practicing yoga, and primarily dining on local organic fruits and veggies.

Lisa Finnegan

Customer Service Manager
lisa@plugconnection.com
ext 118

With over 25 years of experience in customer service and management — 18 of those years spent in the horticultural industry—Lisa is uniquely suited to deliver our customers the level of support they need. She dedicates herself to making our customers happy at every step of the process, from when they place their order to when they receive their shipment. When she can bear to pry herself away from the computer, Lisa can be found traveling, making jewelry or spending time with family and friends.

Juan St. Amant

New Product Development Director
jsa@plugconnection.com
ext 104

During his 26 years with Plug Connection, Juan has introduced our customers to the latest, greatest and most profitable plants and programs. With his extensive product knowledge, he has helped expand our product offering to include Gerbera, Cyclamen, perennials, and new cutting and tissue culture programs. He's a strong advocate for organics, expanding our network of USDA certified growers and helping them through the certification process. Juan is a graduate of University of California, Los Angeles and lives in Vista, California with his wife and two children.

Mike Guy

Production Manager—Seed
mike@plugconnection.com
ext 109

Mike joined the Plug Connection team early in 1993 just as the company was taking shape, and 20 years later, he has never had a dull moment. He and his team are constantly adapting to the changing industry, new crops and improved systems. Mike's goal is to consistently produce the best quality plugs, and he treats every day as an opportunity to improve. Outside of work, Mike stays busy helping run the production nursery that he and his wife Julie founded after receiving his BS in ornamental horticulture from Cal Poly, Pomona in 1977. He enjoys the outdoors and nurses a serious fishing addiction.

Gregg Opgenorth

Production Manager—Vegetative
gregg@plugconnection.com
ext 132

Gregg's broad range of production experience, from bedding plants and nursery stock to conventional ornamentals and organic herbs and vegetables, gives him insight into the challenges that growers face on a daily basis. As head vegetative grower, Gregg's focus is on delivering high-quality plugs, liners and programs that are ready to be installed into both large and small production systems. He is always available to share his production and cultural expertise with customers. Gregg and his wife Linda—recent empty nesters—grow many of our plants in their own Fallbrook garden.

Christine Labrador

Marketing + Communications Manager
christine@plugconnection.com
ext 119

Christine joins Plug Connection with 10 years of experience in marketing, branding and visual communications, most recently in the architecture and non-profit industries. Still new to the plant world, her goal is to support her team (and yours) with effective sales, marketing, and communications tools. She received her BSBA degree in marketing and her MA degree in communications from Hawaii Pacific University in beautiful Honolulu. A wife and mother of two, she's a sucker for good desserts...and good design.

HOW TO ORDER

RELIABLY GOOD SERVICE

Customer service and support—two of our most important products. So just as we have expert horticulturists to ensure the quality of our plants, we also have an experienced customer service and sales team. They're here to provide the assistance, answers and even suggestions that help make doing business with us a great experience for you.

Please contact your favorite broker to learn more about our products, call us at 760.631.0992, or email our Customer Service Manager, Lisa Finnegan at lisa@plugconnection.com.

OUR SHIPPING TEAM

No matter how well we grow our plugs and liners, we know that dependable shipping options are key. With combined experience of 25 years in shipping and logistics, Laura and Vicente work hard every day to make sure that our customers receive the plants that they ordered, in excellent condition and on time—every time.

SEED MINIMUM ORDER

- 512 tray = 6 trays
- 288 tray = 5 or 6 trays
- 162 tray = 4 trays
- 128 tray = 4 trays
- 72 tray = 2 or 3 trays

VEGETATIVE MINIMUM ORDER

- 104 tray = 4 trays
- 102X tray = 2 trays
- 102 tray = 4 trays
- 72 tray = 2 or 3 trays

SHIPPING INFO

At Plug Connection, we know the cost of shipping can make the difference between healthy margins and breaking even. That's why we're always seeking optimal shipping solutions, working with you to determine the right packaging—boxes, racks, our one-way pallet rack—and the best rates.

We ship via air freight, common carrier, UPS and our regional Plug Connection truck, so you can pick the option that delivers the right product at the right value. What works best for you is good for us.

FOB: Vista, CA

Shipping prepaid and added to invoice. Full boxes during warm weather will include all box charges. Additional charges for winter boxes—\$8, and partial boxes—\$10. All shipping damage must be reported within 48 hours. Other claims must be reported within 5 days of receipt.

Plug Connection's **Master Phytosanitary Certificate** eliminates all domestic phytosanitary fees with the exception of tomatoes into Alaska and Montana—\$68.50. International phytosanitary fees are \$100 into Canada and \$125 everywhere else in the world.

SHIPPING METHODS

Air Freight

Commercial Trucking

(EuroAmerican, BEKS, Tawjo)

UPS 2nd Day and UPS Next Day

FedEx 2Day and FedEx Overnight

OnTrac *(for most CA, OR, UT, WA and AZ zip codes)*

Plug Connection Truck

(within specified delivery area)

CUSTOMER PICKUP

Tuesday through Friday, 7:30a to 3:30p

DISPOSABLE PALLET RACK

Our custom-built, environmentally friendly shipping racks break down easily to reduce the time you spend receiving, taking inventory and unloading. They're a perfect fit for as low as 60 trays per small 4' rack or as many as 162 trays per large 6' rack. With shelving made from 100% recycled plastic, you can choose to reuse or recycle.

SHIPPING BOX

Our time-tested shipping box reduces freight damage and helps to insure grower satisfaction.

Step Right Up

Flamboyant textures and alluring colors, our Heuchera collection from Terra Nova are show stoppers for powerful solos and daring combinations.

[MARMALADE Heuchera]

MARMALADE Heuchera

From left: HEUCHERA Berry Marmalade, Lime Marmalade, Marmalade, Obsidian, Paprika, Peach Flambe, and Peppermint Spice

HEUCHERA Berry Marmalade ^{PP9AF}

This large and bold plant has deep purple-black leaves and a silvery veil.

12-week lead time
72-cell liners

HEUCHERA Lime Marmalade ^{PP21801}

Super vigor and full of frills, this bright lime selection is a true performer.

HARDINESS ZONES: 4-10

HEUCHERA Marmalade ^{PP15945}

Rich, shiny amber to deep sienna leaves with hot pink undersides.

POT SIZE / CROP TIMES:
4"/1 quart 4-8 weeks
6"/1 gallon 8-12 weeks

HEUCHERA Obsidian

Large, shiny rounded leaves like black satin – this "black standard" does not fade.

POT SIZES: 1 liner per 4", quart, 6" or gallon pot

HEUCHERA Paprika

This spicy favorite has large, warm, glowing cherry-coral foliage.

HABIT: Mounding; All varieties have been selected for excellent landscape performance and vigor.

HEUCHERA Peach Flambe

Large, smooth, bright peach colored leaves in spring, summer, fall, turning into a beautiful plum color in winter.

pH: 5.8-6.2

FERTILIZATION RECOMMENDATIONS: 100-150 ppm
EC: 0.6-0.9

HEUCHERA Peppermint Spice

This new mid-height has an improved 'Green Spice' type foliage combined with lots of rose-pink flowers.

WATER REQUIREMENTS: Dry moderately between waterings

DAY LENGTH FOR FLOWERING: Day neutral

LIGHT LEVELS:

Berry Marmalade—sun to part shade
Lime Marmalade—shade or filtered light
Marmalade—sun to part sun
Obsidian—sun to part shade
Paprika—part shade
Peach Flambe—part shade to shade
Peppermint Spice—part shade to shade

Terra Nova's high quality tags are required with liner purchase (50% of actual size)

TISSUE CULTURE CROP LEAD TIMES

While we do our best to anticipate tissue cultured plant availability, we encourage you to let us know as far in advance as possible of your product needs. Our labs can easily adjust quantities upwards 6-9 months ahead of ship dates, but without this advance notice it is nearly impossible to supply beyond our planned speculative availability.

If you are planning orders for a product on the adjacent list, please give Juan St. Amant a call or drop him an email at jsa@plugconnection.com. This way we can work with our labs to meet your needs and make sure that when you want the product, we will have it for you.

TISSUE CULTURE VARIETIES

Agave Ray of Light	14-18
Aloe Blooming	14-16
Beschorneria Flamingo Glow	18-20
Cordylone	15-18
Digitalis	8-10
Echinacea	10-12
Gerbera Drakensberg Daisy	6-8
Heuchera	10-12
Kniphofia	8-10
Penstemon	8-10
Primula Belarina	8-10

MIGHTY 'MATO[®]

GRAFTED COLLECTION

SUPERIOR TOMATOES

GRAFTED ONTO OUR EXCLUSIVE ROOTSTOCK

Grafting is a natural process joining the top part of one plant (scion) to the root system of another plant (rootstock) without any genetic modification. As tissues heal, the two plants fuse, combining the rootstock's vigor and disease resistance—for increased water and nutrient uptake for higher yields—with the scion's exceptional fruit quality and flavor.

Worldwide, well over 1 BILLION tomatoes are grafted annually for improved yields and disease resistance. Gardeners struggling with growing vegetables will benefit from Mighty 'Mato and Mighty Veggies. Many popular heirlooms are delicious—but have low fruit production, low vigor and are especially susceptible to disease and nematodes. Once these varieties are grafted onto our exclusive SuperNaturals® root stocks, they become super-powered and able to fend off disease and grow more strongly than their non-grafted counterparts.

Mighty 'Matos use food and water more efficiently for healthier, more beautiful and more productive plants. By taking seasonal weather stresses in stride and offering higher yields and larger fruits over an extended season, gardeners will enjoy bigger, faster harvests. By mid-season, gardeners will be extolling the virtues of "Grafting Power!" Supernaturals® Grafted Vegetables offers the perfect opportunity to achieve what every grower needs—a product that helps guarantee home gardeners' success.

CULTURAL INFORMATION

PLANTING: The graft must stay above soil level

MEDIA: pH: 5.5–6.2; EC: < 0.75

TEMPERATURE: Day: 65–70°. Night: 62–65°F

MOISTURE: Maintain moderate moisture levels

HUMIDITY: Maintain adequate airflow

FERTILIZER APPLICATIONS: 100–150ppm
Every third irrigation, alternate with: 5–10–10 or 5–20–10
Trace elements should also be added as needed

PRUNING: Prune lateral suckers for best fruiting

PLANT GROWTH REGULATOR (PGR): Not necessary

TRAY SIZE: 102X tray in 25mm Ellepots sold as 102

POT SIZE/CROP TIMES: Slightly faster than non-grafted
vegetable production. 4"/3–4 weeks, 1-gallon/4–6 weeks,
3-gallon/6–8 weeks

MIGHTY 'MATO'[®]

GRAFTED TOMATO

Gardeners are making the Mighty 'Mato grafted vegetable revolution a huge trend, so we're focused on offering growers and retailers even more opportunities to increase their edibles sales this season. 2014 brings 13 new varieties to market for a total of 52 varieties, including top-sellers, regional favorites, and delicious novelties.

'Amish Paste'

H IN 80-90

Heirloom paste tomato produces tons of meaty 6-8 oz. red fruits—one of the best for sauces and canning. Thrives in short summer areas. [102x](#)

'Anahu'

H D 80-90

University of Hawaii Tomato breeder Dr. Jim Gilbert named this variety after his student, Bill Anahu, killed in action during WWII. Productive determinate variety with uniform ripening, red, 2-3" round fruit with good, sweet flavor. Great choice for hot and humid climates. [102x](#)

'Arkansas Traveler'

H IN 75

Heirloom tomato from the 1900s that produces great tasting, round, 8oz. medium-sized rose-pink fruit even under high heat, humidity or drought. Resists cracking and disease. [102x](#)

'Beaverlodge Slicer'

D 55

Exceptionally early and productive, with rich balanced flavor. Smooth, round, 2" red fruits cover compact plants—good choice for cooler growing regions. [102x](#)

'Beefsteak'

H IN 85-95

Bright red, slightly ribbed 4-5" heirloom tomatoes with delicious, sweet, meaty flesh. An excellent slicer but also wonderful for cooking, salads, or canning. [102x](#), [51](#)

'Big Beef'

IN 70-75

Red, globe-shaped, 1 lb. fruits with a perfect balance of sweetness and acidity. Abundant firm, crack-resistant tomatoes produced over a long period. [102x](#), [51](#), [ASST](#)

'Big Zac'

IN 80-90

Prize-winning variety has been known to produce fruits weighing up to 6 pounds! Huge, glossy red beefsteaks are ideal for slicing, sandwiches. [102x](#)

'Black Krim'

H IN 70-90

Violet-red, slightly flattened 4-5" fruits with near-black shoulders have intense, smoky flavor. Heat tolerant and color deepens as summer temperatures rise. Russian heirloom. [102x](#)

Copia

'Blush'

IN 75-80

A julienne cherry tomato sought after for its exceptionally sweet, juicy, tropical flavor. The 2-inch elongated fruits are ready when a pink blush appears over the golden yellow skin. Bred by Fred Hempel. Artisan Seed. [102x](#)

'Brandywine' (Sudduth's)

H IN 80-90

The famous heirloom produces 1-2 lb., scarlet-pink beefsteaks with high acid and sugar content. Considered one of the world's best-tasting tomatoes! [102x](#), [51](#), [ASST](#)

BUMBLEBEE™ 'Pink'

IN 65-75

New, striped, crack resistant cherry tomato in glowing rose and gold combines standout visual appeal and superb flavor! Round, 1½" fruits are gorgeous and tasty in fresh salads. [102x](#)

BUMBLEBEE™ 'Purple'

IN 65-75

New, striped, crack resistant cherry tomato in vivid violet and dark green stripes combines standout visual appeal and superb flavor! Round, 1½" fruits are gorgeous and tasty in fresh salads. [102x](#)

'Carmello'

IN 75

Smooth, red, crack-resistant variety is a favorite in European markets for its delicious balance of sugar and acid. Productive even in cooler weather. [102x](#)

'Cherokee Purple'

H IN 75-85

Dusky rose, 8-12 oz. round fruits with complex, old-time flavor. 19th century heirloom. Perfect for slicing, sandwiches. [102x](#), [51](#)

'Chocolate Stripes'

H IN 70-80

Scarlet and green striped heirloom tomatoes with deep red-brown flesh combine gorgeous color and rich, sweet, complex flavor. Places high on all taste tests. Superb for slicing or salads. [102x](#)

'Copia'

H IN 85

Beautiful bi-color heirloom slicer is streaked in glowing gold and crimson, with sweet, juicy, red and yellow swirled flesh inside. Excellent clean flavor. [102x](#)

‘Costoluto Genovese’ *H IN 85*

Large, heavily lobed, deep red heirloom tomatoes have meaty, full-flavored, slightly tart flesh. Makes beautiful scalloped slices as well as a rich, hearty sauce. [102x, 51](#)

‘Creole’ *IN 72–78*

Heirloom with a loyal following. Developed at LSU in the 1950s for warm, humid climates. Plant produces red, 3” round fruit that resists cracking. Meaty, delicious, juicy flavor with good acidity. [102x, 51](#)

‘Defiant’ *D 70*

First tomato to produce an old-fashioned tomato taste with late blight resistance. High yielding plant produces 6–8 oz. globe-shaped fruits. Bit of bite and high flavor. Excellent choice for late blight protection. [102x, 51](#)

‘Early Girl’ *IN 50–60*

Bright red, 4–6 oz. round slicers. Early, dependable, and flavorful fruits in almost any climate! [102x, 51, ASST](#)

‘Green Tiger’ *IN 70*

Gorgeous, green and yellow streaked fruits are just 2–3” long by 1” wide with an unusual tapered shape. Versatile in the kitchen, eye catching and delicious on the plate! High yields. Bred by Fred Hempel. Artisan Seed. [102x](#)

‘Heatwave II’ *D 68*

Round, red, 7 oz. tomatoes on compact, disease-resistant plants with exceptional heat-tolerance, for abundant yields even in hot climates. [102x](#)

‘Homestead 24’ *H D 80*

Round, red 8 oz. heirloom tomatoes are smooth and uniform with good flavor. Compact, heat-tolerant plants ideal for high temperatures and container gardening. [102x](#)

INDIGO™ ‘Apple’ *IN 70–80*

New, rare addition to the “blue tomato” series, with extra-high anthocyanins! The 2–4 oz. fruits start green and purple, ripening to near black in the sunlight. Good sweet flavor. [102x](#)

INDIGO™ 'Kumquat'

Semi-IN 80–85

Beautiful orange grape tomatoes with large patches of deep indigo on their shoulders. High quality 1 oz. fruits have aromatic tangerine flesh with very high levels of vitamin A and outstanding semi-sweet flavor. [102x](#)

INDIGO™ 'Rose'

IN 75

High levels of anthocyanin and stunning clusters of 2–3" purple-black fruits that turn a rosy red when ripe. Deep red flesh with strong acidic flavor. Breeders rule of thumb: If you think it's ripe, wait three more days before you pick it. [102x](#)

INDIGO™ 'Ruby'

D 80–90

Highest levels of antioxidants (including anthocyanins and vitamins A and E) in the "blue tomato" series! Plum-shaped 1–2 oz. fruits are deep indigo, with red undersides and sweet dark red flesh. [102x](#)

'Jetsetter'

IN 60–65

Very early, rich and flavorful, large 8 oz red tomatoes. Smooth, juicy, flattened globes with good yields and disease resistance. A great early harvest. [102x](#)

'Juliet'

IN 60

Rated one of the most disease resistant tomatoes. 12–18 deep red fruits per cluster. Delicious, rich tomato taste for salads, great salsa, and fresh pasta sauce. Good crack resistance, vine storage, and shelf life. AAS winner. [102x](#), [51](#)

'Manitoba'

H D 60–70

Bright crimson, 3–4" heirloom tomatoes with fresh tangy flavor. Developed in Canada to thrive in cool, short-season areas. Great for slicing and canning. [102x](#)

'Momotaro'

IN 70

6–7 oz., dark-pink heirloom tomatoes are heat tolerant with intricate yet well-balanced sweet and tangy flavors. Japan's number-one selling tomato. [102x](#)

'Mortgage Lifter' (Estler's)

H IN 85–95

Dark pink, 1–2 lb. fruits are meaty with good old-time flavor. Heirloom known for its productivity. [102x](#), [51](#), [ASST](#)

‘Mountain Magic’ *IN* 66

High yields of 2 oz., bright red, round salad tomatoes with sweet flavor. The uniform, crack-resistant fruits are great in salads or right off the vine. Has shown good late blight resistance. [102x](#)

‘Paul Robeson’ *H IN* 75

Slightly flattened, dark red heirloom beefsteaks are 4” across with greenish shoulders. Luscious red flesh has earthy, exotic, well-balanced flavor. Cold tolerant. [102x](#)

‘Pineapple’ *H IN* 90–95

Huge golden beefsteaks, marbled in cherry-red, have mild fruity flavor. Heirloom with yields of 1–2 lb. fruits. [102x](#), [51](#)

‘Pink Berkeley Tie-Dye’ *IN* 80–90

A true tricolor, with green and red striped skin and flesh streaked with red, green and yellow. High acid fruits have smooth texture and delicious, complex, sweet-tart flavor. [102x](#)

‘San Marzano’ (Redorta) *H D* 80

Famous Italian heirloom yields bright red, tapered 3” fruits. Meaty and flavorful-ideal for canning or sauce. [102x](#), [51](#), [ASST](#)

‘Sasha’s Altai’ *H D* 55–60

Bright red, slightly flattened 4–6 oz. fruits have thin skins and complex, award-winning flavor. Russian heirloom ripens early, good for cool or high-altitude areas. [102x](#)

‘Stupice’ *H IN* 60–65

Extra early and reliable; cool-season heirloom produces 2” red fruits with wonderful sweet-acid balanced tomato flavor. Perfect for gardeners in northern climes or first of season production in warmer areas. [102x](#)

‘Smarty’ *IN* 60–65

Medium-sized plants produce sweet, full-flavored grape tomatoes with excellent texture and little to no cracking. Compact indeterminate. [102x](#)

MIGHTY VEGGIES™

GRAFTED VEGETABLES

'Epic' (Dusky) Eggplant *CLASSIC* 70–75

Purple-black oval fruits can be picked at 3–5" or harvested when mature at 8–10" long. Perfect for roasting or grilling. Can be grown in containers. [102x](#), [51](#)

'Ping Tung' Eggplant *ASIAN* 70–80

Sweet and tender, 12" long, purple Chinese eggplants. Delicious creamy flavor and no bitterness. [102x](#)

'Rosa Bianca' Eggplant *H ITALIAN* 85–95

Italian heirloom yields beautiful, plump, 4–6" lightly ribbed fruits with rose, violet and white streaks. Eating quality is excellent, with delicious, mild, creamy flavor. [102x](#), [51](#)

'Big Bertha' Pepper *SWEET* 70–75

Extra large, thick-walled bell peppers can reach 7" long, ripening from bright green to shiny red, with crisp sweet flesh and few seeds—perfect for fresh eating. [102x](#)

'Chocolate Beauty' Pepper *SWEET* 80–90

Glossy, lobed bell peppers can be eaten green but are especially sweet when they've ripened to deep chocolate brown. Excellent for salads, stuffing, or cooking. [102x](#)

'Golden Bell' Pepper *SWEET* 65–75

Picture perfect, 3" bell peppers ripen from green to light yellow to deep golden yellow. Sweet, blocky, thick-walled fruits are excellent for salads or stuffing. [102x](#)

'Purple Beauty' Pepper *SWEET* 85–95

The best purple bell, with crisp, sweetly flavored dark purple peppers that appear early & abundantly. Lobed 3" fruits ripen to a radiant purple-red. [102x](#)

'Anaheim' Pepper *HOT* 65–75

Tapered, 6–8" long peppers turn from green to red, with delicious, mildly hot flavor. A popular variety that's excellent for roasting or frying. [102x](#)

'Jalapeño' Pepper *HOT* 70–90

Dark green, 3" conical peppers with hot, zesty flavor are thick-walled and easy to seed, one of the best for salsa, nachos, or chiles. Perfect fresh or pickled. [102x](#)

INCREASE MIGHTY 'MATO® SALES

VEGETATIVE HERBS

Plug Connection's private Certified Organic stock allows us to react to your needs quickly with the best vegetative herbs on the market. Our collection of 55 varieties includes top sellers, exclusive SUPREME Basil Collection, edible flowers and your favorite novelties. We hope all of this makes your programming easy, and results in gardeners cooking up their favorite dishes with our delicious varieties.

ALOYSIA triphylla
Lemon Verbena

☀ Z 8-11 4-5'

A Spanish ornamental, named for its divine, lemony scent. It has glossy, pointed leaves and blooms with sprays of tiny lilac flowers. A favorite ornamental often planted as an annual. 102

new

ARTEMESIA dracunculus
French Tarragon

☀ Z 4-11 18-24"

This perennial prefers drier soil conditions and full sun. Plant in a hot, sunny spot and avoid excessive watering. French Tarragon has a distinctive flavor, and is one of the best herbs for savory cooking. 102

top seller

HELICHRYSUM angustifolia
Tall Curry

☀ ☾ Z 7-11 18-24"

Evergreen perennial native to Southern Europe, aptly named for its spicy curry fragrance. This bushy plant is upright and compact, with long silver leaves and yellow flowers. 102

MENTHA suaveolens
Apple Mint

☀ Z 5-11 18-24"

Mentha variety named for its fruity, apple-like scent. This easy-to-grow plant has velvety, rounded leaves. Apple-mint works well as both a culinary herb and a ground cover. 102

MENTHA suaveolens variegata
Pineapple Mint

☀ ☾ Z 5-11 8-12"

A variety of apple mint with a mouthwatering, pineapple flavor. Green and white variegated leaves make it a beautiful addition to any garden. Great for growing in containers and planter boxes. 102

MENTHA spicata
Spearmint

☀ Z 4-11 12-18"

A mint native to Europe with spear-shaped leaves and narrow, pointed flower spikes. Spearmint has a mild, peppermint-like flavor and refreshing aroma. 102

MENTHA spicata
'Doublemint'TM

☀ Z 4-11 12-18"

An amazingly superior selection of spearmint. Plants have bright green, aromatic leaves, and bring a Mediterranean feel to any garden formerly named 'The Best.' 102

top seller

MENTHA x piperita
Chocolate Mint

☀ Z 4-11 12-18"

Great variety of mint named for its green and brown tinged leaves, which have a peppermint-patty aroma. Grow in plenty of sun for optimal color and flavor. 102

MENTHA x piperita 'Citrata'

Orange Mint

☀️ 🌑 Z 4-11 8-12"

Easy-to-grow, culinary herb named for its fragrant, citrus-like aroma. Oval leaves are dark green with a lovely red edge. 102

MENTHA x piperita

Peppermint

☀️ Z 4-11 12-18"

European herb with amazingly versatile flavor. Plants grow in clusters and sprout green, fragrant leaves and small, violet flowers. Plants grow well in containers, and are perfect for gardeners with limited space. 102

OCIMUM basilicum

'African Blue' Basil

☀️ Z 10-11 18-24"

Ornamental basil with a warm, clove scent. Leaves are deep purple in the center, and fade to dark green. Plants bloom with vivid purple flowers. 102

OCIMUM basilicum

'Greek Columnar' Basil

☀️ Z 10-11 24-36"

Fantastic, flavorful basil with overtones of cinnamon. Named for its unique, columns of green, fragrant basil leaves. Plants produce foliage all season long. 102

OCIMUM basilicum

'Magic Mountain'

☀️ Z 10-11 4-6"

Wonderfully aromatic basil with green leaves and a purple tinge, combined with vivid spikes of deep purple flowers. 102

OCIMUM basilicum

'Pesto Perpetuo' Basil

☀️ Z 10-11 4-6"

A productive and beautiful basil with delicate green and white variegated foliage. Leaves are deliciously aromatic and make a wonderful addition to any program. 102

ORIGANUM rotundifolium

'Kent Beauty' Oregano

☀️ 🌑 Z 7-11 8-12"

A unique oregano with columns of heart-shaped, blue-green leaves and bright pink, flower-like bracts. Plants grow beautifully in hanging baskets and along walls. 102

ORIGANUM vulgare 'Aureum'

Golden Oregano

☀️ 🌑 Z 4-11 6-12"

Ornamental Oregano with golden-yellow foliage and clusters of soft, mauve flowers. Fragrant leaves are divine in cooking. Plants also look beautiful when used as edging or in mixed containers. 102

ORIGANUM vulgare

Greek Oregano

☀️ 🌑 Z 4-11 12-18"

A spicy and pungent Oregano, often known as Wild Marjoram. Low-growing plants have green foliage and delicate, pink or white blooms. A must have in culinary gardens. 102

ORIGANUM vulgare

'Hot & Spicy' Oregano

☀️ 🌑 Z 4-11 18-24"

This sprawling perennial herb has rich green foliage and, in the summer time, bears vibrant pink flowers. It has a uniquely intense, spicy flavor. 102

'SUPREME Ajaka'

new

'SUPREME Dark Lady'

new

'SUPREME Green Fortune'

new

'SUPREME Wild Magic'

new

'SUPREME Wild Red'

new

Based on our trials, we've selected five new Basils in our new SUPREME Basil Collection for their exceptional disease resistance to downy mildew, fusarium and botrytis. These impressive plants range from lime green to dark red. Their aroma varies from delicately mild to strong and pungent. Each one showed a high degree of regenerative properties making them ideal for gardeners.

OCIMUM basilicum
'SUPREME Ajaka'

☀️ 🌑 Z 10-11 30x20"

Aromatic, fresh green basil with very full foliage. Proven to be similar in form, but superior in performance to the classic Greek Columnar in our trials. Blooms very late. 102

OCIMUM basilicum
'SUPREME Dark Lady'

☀️ 🌑 Z 10-11 20x16"

Distinctly aromatic with bold, dark-red to purple foliage and crimson blooms. 102

OCIMUM basilicum
'SUPREME Green Fortune'

☀️ 🌑 Z 10-11 22x16"

Vigorous, bright green basil with strong stems. A favorite in our trials. 102

OCIMUM basilicum
'SUPREME Wild Magic'

☀️ 🌑 Z 10-11 14x16"

Dark green leaves with purple to red centers, full foliage. The robust and pungent flavor make it a top pick for rich sauces. 102

OCIMUM basilicum
'SUPREME Wild Red'

☀️ 🌑 Z 10-11 14x16"

Dark green leaves with red to purple centers, full foliage. Robust and pungent flavor, perfect for pesto. 102

ORIGANUM vulgare

Italian Oregano

☼ 🌑 Z 8-11 8-12"

Easy-to-grow perennial herb with bright green foliage and tiny white flowers. An excellent variety of Oregano with strong, spicy flavor. A key ingredient to any Italian dish.

102

top seller

ORIGANUM x majoranum

Sweet Marjoram

☼ 🌑 Z 8-11 8-12"

A bushy perennial with tender leaves and stems. Its rich, sweet flavor is similar to oregano and often used in savory French cooking. Plants look great in hanging pots and windowsill gardens. 102

ORIGANUM vulgare

Variegated Oregano

☼ 🌑 Z 9-11 8-12"

Named for its beautiful deep green leaves, edged in ivory. These tender, flavorful leaves are delicious in Greek, Italian, and Spanish cuisine. 102

ROSMARINUS officinalis

'Arp' Rosemary

☼ 🌑 Z 7-11 10-14"

A tough, hardy variety that can withstand drought and poor, rocky soil. Plants have fragrant, gray-green foliage and beautiful lavender flowers. 102

top seller

ROSMARINUS officinalis

'Barbeque' Rosemary

☼ 🌑 Z 7-11 24-48"

A sturdy, long stemmed variety with an extremely upright habit. Dark green foliage is beautifully offset by pale lavender flowers. Plants can withstand even the worst of soil. 102

ROSMARINUS officinalis

'Gold Dust' PPAF Oregano

☼ 🌑 Z 7-11 24-48"

Branches of bright green and gold that hold their color all year long. Blooms of blue flowers make this rosemary not only a culinary herb, but a beautiful ornamental shrub.

102

ROSMARINUS officinalis

'Goriza' Rosemary

☼ 🌑 Z 7-11 24-36"

Named for the town of Gorizia, Italy, in which it was discovered. Plants are mildew resistant, with large, flat leaves are big, lavender flowers. Bees love this easy-to-grow variety. 102

ROSMARINUS officinalis

'Huntington Carpet' Rosemary

☼ 🌑 Z 7-11 12-24"

This trailing rosemary forms a beautiful carpet of deep green foliage accented with pale blue flowers. Great as a spreading ground cover or in hanging planters. 102

top seller

ROSMARINUS officinalis

'Perfect Skewer' Rosemary

☼ 🌑 Z 7-11 24-36"

Earns its name from its elegant, upright stems, which make perfect barbeque skewers. Features narrow, gray foliage with delicious fragrance all year round. Also known as 'Upright.' 102

top seller

SALVIA elegans

'Golden Delicious' PP17977 Salvia

☼ 🌑 Z 9-11 18-36"

A striking sage named for its bright-yellow, pineapple-scented foliage and vivid red flowers. Excellent in beds, borders, herb gardens, and containers. 102

new

SALVIA elegans
Pineapple Sage

☀️ 🌑 Z 9–11 18–36"

A perennial shrub native to Mexico and Guatemala. Bright red flowers and smooth, light green leaves have a smell and flavor very reminiscent of pineapple. It is fantastic as both a culinary herb and ornamental. 102

SALVIA officinalis
'Tricolor' Salvia

☀️ 🌑 Z 6–11 12–14"

Variety of sage best known among cooks for its delicious flavor and strong aroma. Grayish green foliage is beautifully marbled with white, pink, and purple. A favorite of bees and butterflies. 102

top seller

SALVIA officinalis
'Berggarten' Salvia

☀️ 🌑 Z 6–11 12–14"

Evergreen perennial with a unique, pungent flavor and aroma. A compact variety, with woody stems and gray-green leaves that grow into a small, attractive bush. In mid-summer, plants bloom with purple flower spikes. 102

STEVIA rebaudana
'Sweet Tooth™' Stevia

☀️ 🌑 Z 9–11 24–36"

Perennial shrub that is gaining popularity as a wholesome alternative to processed sugar and artificial sweeteners. Plants have slender, branched stems and bright green leaves. 102

SALVIA officinalis
'Berggarten Variegata' Salvia

☀️ Z 6–11 18–36"

Distinct creamy-white variegation on broad, bluish-green leaves. A culinary herb and beautiful ornamental plant. 102

new

TARRAGON tagetes
'4 Season' Tarragon

☀️ 🌑 Z 9–11 12–18"

Aromatic, flowering perennial with beautiful dark green foliage and small, yellow flowers. A native to Central America. 102

top seller

SALVIA officinalis
'Icterina' Salvia

☀️ 🌑 Z 6–11 12–14"

A popular sage with beautiful, variegated yellow and green leaves and lavender flower-spikes. Plants are both a culinary herb and a lovely ornamental. 102

top seller

THYMUS vulgaris
English Thyme

☀️ 🌑 Z 5–11 6–12"

Perennial herb from the Western Mediterranean. Small evergreen plants sprout gray-green leaves and pale purple flowers with a delicate but delicious flavor. 102

top seller

SALVIA officinalis
'Purpurescens' Salvia

☀️ 🌑 Z 6–11 12–14"

Compact, shrubby perennial with wonderful aroma and flavor. Ornamental foliage is a beautiful mixture of bright green and deep purple leaves. Lavender flower spikes bloom mid-summer. 102

THYMUS vulgaris
French Thyme

☀️ 🌑 Z 5–11 6–12"

Neat, low growing shrub with narrow gray-green leaves and lavender flowers. Its delicious spicy and sweet flavor makes it an ideal herb for planter boxes and patio pots. 102

top seller

THYMUS vulgaris
 'Silver Queen' Thyme

☀️ 🌑 Z 5-11 6-12"

A hybrid thyme primarily grown as a culinary herb. Silver-edged leaves have a rich lemon scent, and are wonderful fresh or dried.

102

THYMUS x citrodorus
 Gold Lemon Thyme

☀️ 🌑 Z 5-11 6-12"

Named for its vivid, golden-yellow foliage, which lasts throughout winter and spring, and wonderful lemon fragrance and flavor. Plants form low shrubs.

102

THYMUS x citrodorus
 Lemon Thyme

☀️ 🌑 Z 5-11 6-12"

A fresh, lemon scent earns this plant its name. Plants have vivid green leaves with golden edges. This is a delightful herb for patios and window-sill planters.

102

THYMUS x citrodorus
 Lime Thyme

☀️ 🌑 Z 5-11 6-12"

A fragrant mounding thyme that makes a great ground cover. The bright green lime-colored leaves are scented of citrus and help brighten up darker corners of the garden.

102

new

TROPAEOLUM hybrid
 'Duckalicious' Nasturtium

☀️ Z 9-11 10-14"

Named after its bouquet of yellow, duck-foot shaped petals. All parts are edible with spicy, peppery flavor. Perfect for adding color to veggie gardens, hanging baskets and raised garden beds.

102

new

TROPAEOLUM hybrid
 'Red Wonder' Nasturtium

☀️ Z 9-11 12-18"

Plants feature old, deep red flowers on dark green-bronze foliage. All parts are edible with spicy, peppery flavor. Perfect for adding color to veggie gardens, baskets and salads.

LAVANDULA angustifolia 'Hidcote Blue'

☼ Z 5-11 12-18"

Free flowering dwarf lavender. Plants produce deep purple flower spikes in late spring and summer. Best in mass plantings and in hedges or edging. [102](#)

LAVANDULA angustifolia 'Momparler' Platinum Blonde®

☼ Z 5-11 12-18"

Platinum Blonde is a new lavender from our friends at Cultivaris. Medium height with uniquely colorful stems that are green-gray to a wonderful lime green-gray. [102](#)

LAVANDULA dentata 'French Lavender'

☼ Z 8-11 12-18"

Plants bloom with beautiful pink and purple flower spikes. Best when grown in a container, so it can be easily sheltered in winter. [102](#)

LAVANDULA stoechas 'Otto Quast'

☼ Z 8-11 12-18"

A fragrant, easy to grow lavender. Plants bear gray-green foliage and bloom with rich, royal purple flower spikes. Great for borders and gardens. [102](#)

LAVANDULA x gingsii 'Goodwin Creek'

☼ Z 6-11 12-18"

A hybrid French lavender known for its ever-lasting, deep purple blooms, which begin in the summer and continue throughout Fall and even into winter in mild climates. [102](#)

LAVANDULA x intermedia 'Niko' Phenomenal®

☼ Z 5-11 18-24"

From our friends at Peace Tree Farms this hardy, disease resistant lavender is sure to be a top-seller. Everlasting purple flower spikes are beautifully offset by silvery-green foliage. [102](#)

ABZ STRAWBERRIES

⚙ Z 5-9 6-12"

Strawberry lovers without a garden can enjoy harvesting sweet-tasting strawberries on their balcony or patio. Tasty assortment including a large flowers and fruits series, a vigorous hanging basket series with runners, and an early compact series with few runners. [128, 288](#)

KOSMIC™ KALE PPAF

⚙ Z 8-11 18-24"

Unusual, ornamental edible from Dick Degenhardt in the Netherlands has out-of-this-world coloring, with mint-green leaves edged in cream. Plants are beautiful in mixed beds or containers, while providing a continuous harvest of nutritious, eye catching greens for garnish, salad, or steaming. Hardy to 10°F. [102](#)

TOMACCIO™

⚙ Z 9-11 up to 8'

Sun-dried and oh so sweet. Offer your customers the opportunity to capture the romance of Southern Italy by growing their very own sun-dried tomatoes. Enjoy their unique, sweet taste fresh from the vine or dried in the oven. This is a versatile category of tomato that breaks through the clutter. [102](#)

PATIO PEPPERS PEPPER COLLECTION

Z 10-11 12-24"

We've selected these delicious sweet peppers to very hot chili peppers to spice up your patio program. Peppers have become an important part of the explosive growth of edible plants produced in pots. These peppers have excellent levels of sweetness and spiciness and can be enjoyed all summer long. 288

Organiks[®]

Fresh for Life[®]

THE GROWING PROFITS OF THE ORGANIC MARKETS

We've all seen the skyrocketing growth for vegetable, herbs and small fruit sales. A compilation of reasons is pushing the shift in consumer demand within the organic edibles market. New waves of gardeners are looking for safe, healthy and local food options.

Many want to spice up culinary creations with fresh, nutritious and flavorful ingredients. And in this world of information overload, gardening is offering a reconnection to our planet, a place to pause and reflect. Growing your own organic edible garden has captivated a larger audience and this trend has seemingly shifted into a lasting behavior.

A RETAIL SOLUTION THAT INCREASES PROFITABILITY

Organiks[®] is the first national brand of USDA certified organic herbs and vegetables. It's your entry-point to garden centers, high-end grocery stores and younger consumers. We provide you with a retail-ready system, complete with interactive consumer and trade websites, marketing concepts and easy-to-understand, appealing packaging. Organiks[®] is ready to plug into any production system, and since we've already experienced the certification process, Plug Connection will share expert advice on how to go through the USDA certification process.

Whole Foods wants more organic growers to supply their stores. Garden centers want more organic growers to supply their stores. Consumers are clamoring for high-quality, well-grown organic plants. This is your opportunity. And Organiks[®] is the best and easiest way to help you capitalize on it.

"The Organiks[®] Program has been the most successful branded plant program we have been involved with. It was easy to adopt on both the production and retail side, and with the packaging and marketing support it's been a huge success at retail with strong growth each season."

— James Russell, Vice President | Armstrong Growers, Glendora, CA

Go to <http://tiny.cc/OrganiksPPT> to view the Organiks Program PowerPoint presentation as a PDF.

TRENDING ORGANIKS®

WHY ORGANIKS?

- 1 Backyard food production is the ultimate local, safe and fresh food source—Grow Your Own!
- 2 Attract a younger demographic into your garden center with a perception that home grown is a cheaper source of organic food than at the grocery store or farmer's market
- 3 “Naturally” or “Locally Grown” do not offer the same confidence as the USDA Certified Organic label
- 4 Consumers will appreciate knowing these products have a reduced environmental impact

Organiks is your solution to this growing trend.

For up-to-date retail locations, visit organikplants.com

The collage includes several key elements:

- Plant Tags:** Two tags for 'Sweet Italian Large Leaf BASIL' and 'Sweet Banana PEPPER'. Both tags feature the Organiks logo, a QR code, and a 'USDA ORGANIC' seal. The basil tag also includes 'GEO/GMO FREE' and 'Fresh for Life' branding.
- Website Screenshot:** A browser window showing the Organiks website. The URL is <http://www.organikplants.com>. The page displays a search bar, navigation tabs (Home, Products, About, Lifestyle, Cook & Care, Where to Purchase, Contact), and a product listing for 'Park's Whopper Watermelon'. The product description includes a 'DESCRIPTION' (high quality, medium-large melon with bright red flesh), 'USES' (great for grilling, salads, and sandwiches), and 'HEIGHT' (13-18").
- Product Tag:** A detailed tag for 'Sweet Banana PEPPER' with a photo of the peppers, a 'USDA ORGANIC' seal, and care instructions: 'Full Sun', '5-10" height', '12" spacing', and 'GEO/GMO Free'.
- Image Strip:** A horizontal strip at the bottom showing a purple flower, a slice of watermelon, and purple lavender.

If your company would like to learn more about how you can become a licensed Organiks® grower and take advantage of our sales and marketing tools and opportunities, email Nicole Jackson at nicole@plugconnection.com

CORE COLORS

Our core is color and with thousands of varieties to choose from, we've featured some of our most stunning series, vivid varieties and brilliant breeders from around the world.

You'll find everything from our private stock varieties, Geranium collection, Shrub collection, and all of the vegetative, seed, and tissue culture varieties that you already love or have yet to discover.

Dummen has been a driver of innovative breeding and product development that has helped transform the industry. Plug Connection became a proud rooting station in the fall of 2012, and after working closely with their team, we understand why our customers love their products. Dummen’s drive towards efficiency and their reliability helps us all succeed. Combined with their innovative time-saving Confetti™ system, our growers can more easily automate their basket and mixed container production leading to increased profitability and substantial time savings. Orders are backed by Dummen’s True Grower Guarantee—your plants are free of charge if they are delayed or substituted. Available through Dummen’s select broker listing—simply select Plug Connection as your rooting station.

GERANIUM COLLECTION

We carry the most comprehensive assortment of Geranium in the industry—offering the best Geranium series in one program—making it easier for our customers to access all of their favorites from a single source.

We keep all genetics in separate growing areas, reducing disease risks from the various unrooted cutting (URC) sources.

We proudly carry PAC Geraniums and Syngenta Flowers Geraniums as rooted liners from all Plug Connection brokers. To order rooted Dummen Geraniums from us, see broker list on page 49.

SHRUB COLLECTION

TECOMA

Our exciting Tecoma hybrids are the brainchild of noted desert plantsman George Hull of Phoenix, AZ. These varieties are selected for better garden performance, more grower-friendly production protocols and are perfect in the Southeast and Southwest and the west coast as garden shrubs grown in 3–7 gallon pots. In colder Northern climates, the plants are a superb summer color opportunity and will thrive in heat and sun. [102](#)

BELLS OF FIRE™ 'GTORUBEN' PPAF

TECOMA

☼ Z 8–11 3–5'

This superb hybrid produces scarlet red flowers and is self-cleaning. Flowers are deep scarlet-red to dark orange and in frost-free areas, blooms year round.

LYDIA™ 'GTOLYDIA' PPAF

TECOMA

☼ Z 8–11 2–4'

This beautiful yellow hybrid is a restrained grower and makes an excellent foundation planting or container shrub. Self-cleaning, it's more compact, better-branched, and a very attractive presentation at retail making this variety a winner.

SPARKY™ PPAF

TECOMA

☼ Z 8–11 4–6'

This more upright variety features bright orange-yellow blooms with a red center. Low maintenance and drought-tolerant, this plant loves heat and will thrive in the southeast or the southwest as well as the west coast.

Lydia

Sparky

BUZZ Ivory

BUZZ Lavender

BUZZ Magenta Imp

BUZZ Purple

BUZZ Sky Blue

BUZZ Velvet

BUZZ™ BUDDLEJA

☼ Z 5–11 24–48"

The BUZZ™ Buddleja series is a superb performer for both grower and gardener. Bred to be compact—one-third the size of standard Buddleja—these varieties make beautiful pots and containers and flower quickly from liners in 1-gallon or larger pots. BUZZ varieties have full-sized, graceful, tapering flower spikes, maintaining the elegance other varieties lose. Wonderful for summer pot crop production—ideal for gallon pots for late-summer and autumn sales. Best in 1–2 gallon pots. 102

BUZZ ‘Ivory’ PPAF
Pure white flower spikes.

BUZZ ‘Lavender’ PPAF
Rich lavender flower spikes.

BUZZ ‘Magenta Improved’ PPAF
Vibrant magenta flower spikes.

BUZZ ‘Purple’ PPAF
Luscious deep-purple flower spikes.

BUZZ ‘Sky Blue’ PPAF
Cool sky-blue flower spikes.

BUZZ ‘Velvet’ PPAF
Deep, rich magenta flower spikes—
more vigorous than others in series.

Since 1919, the Morel family of horticulturists has specialized in the selection and cultivation of Cyclamen. Research is carried out in the South of France, and final selection is based on floriferousness, originality, intensity of color, habit, and its resistance to heat.

Morel's goal is to create new varieties that are adaptable to modern growing techniques. We offer these superior varieties as part of our MESA MAGIC™ Cyclamen Collection.

MINIATURE SERIES

BEST FOR 3.5–4"

Popular in Europe, miniatures are trending up in the North American market. Miniature Cyclamen make wonderful gift plants and perform well in the landscape. Their dainty flowers fade discreetly and the plants are self-cleaning in the garden. These adorable little beauties add cheer both indoors and out. [72](#), [128](#), [162](#)

METIS® 6–8" 27–30 weeks

- Excellent in both the greenhouse and garden
- Decorative foliage and a well structured habit
- Central flowering with good re-flowering
- Bred by Morel

MIRACLE™ 8–10" 24–26 weeks

- Ideal for production in 2.5- to 4.5-inch pots
- Excellent cool season landscape bedding and container planting
- Very uniform plant habit and size
- Bred by Syngenta Flower–Goldsmith Seed

SUPER SERIE® COMPACT 6–8" 34–36 weeks

- Very compact and round plant structure
- Strong, firm flower stems
- Abundant blooms and long flower life
- Bred by Schoneveld

SUPER SERIE® JIVE® 6–8" 28–30 weeks

- Elegant, waved petals
- Abundant and uniform blooms, extremely long lasting
- Bred by Schoneveld

SUPER SERIE® MICRO 6–8" 34–36 weeks

- Compact, round habit with high uniformity across the series
- Genetically small plant
- Bred by Schoneveld

WINFALL™ 6–10" 26–28 weeks

- Ideal for production in 2.5- to 4.5-inch pots
- Sizes up under low temperatures—requires less energy
- Perfect for fall and winter—indoors and out
- Bred by Syngenta Flower–Goldsmith Seed

INTERMEDIATE SERIES

BEST FOR 4.5–5"

Intermediate-sized varieties of Cyclamen are the most popular types for the landscape. These varieties are bred to be sturdier in the garden and more tolerant of adverse weather conditions. [72](#), [128](#), [162](#)

LASER SYNCHRO™ 10–12" 24–26 weeks

- Incredibly uniform plant habit and size
- Ideal for small containers
- Long-lasting, fragrant flowers form bushy bouquets
- Bred by Syngenta Flowers–Goldsmith Seeds

LATINIA® 10–12" 29–31 weeks

- Compact plant with large flowers
- Extremely floriferous and excellent performance outdoors
- Bred by Morel

PERFETTO™ 10–12" 26–28 weeks

- Very large flowers, stop a sturdy compact plant
- Vibrant green foliage
- Bred by Syngenta Flowers–Goldsmith Seeds

PREMIUM 10–12" 26–28 weeks

- Great plant for outdoors
- Compact, vigorous plant with a short culture time
- Very uniform, consistent and floriferous
- Bred by Morel

SUPER SERIE® ALLURE® 8–10" 27–29 weeks

- Developed for warm season production
- Strong, firm flower stems
- Abundant and uniform blooms
- Bred by Schoneveld

SUPER SERIE® XL® 9–12" 31–33 weeks

- Long flower life, abundant and uniform blooms
- Uniform, round plant size
- Large flower size makes this series very profitable
- Bred by Schoneveld

STERLING™ 10–12" 25–29 weeks

- Unique silvery foliage sets with beautiful blooms
- Long-lasting flower quality
- Bred by Syngenta Flowers–Goldsmith Seeds

TIANIS® 10–12" 28–31 weeks

- Luminous colors
- Compact and balanced plant habit
- Abundant and central flowering
- Bred by Morel

STANDARD SERIES

BEST FOR 6–8"

Standard-sized varieties of Cyclamen make excellent pot crops and florist-quality gift items. These varieties are bred to be show stoppers with large flowers and habits. 72, 128

FLEUR EN VOGUE™ 10–12" 28–32 weeks

- Unique umbrella type of flowering
- Novelty series for September–December sales
- Bred by Syngenta Flowers–Goldsmith Seeds

HALIOS® 10–12" 31–35 weeks

- Compact plant structure with central flowering
- Uniform and consistent growth
- Robust, solid stems
- Bred by Morel

HALIOS SELECT® 10–16" 31–35 weeks

- Distinctive and eye-catching “fancy” varieties
- Same great production traits as Halios varieties
- Uniform growth and continuous flowering
- Bred by Morel

RAINIER™ 14–16" 31–35 weeks

- Strong, thick stems
- Uniform habit and flowering allow for bench run sales
- Grows easily at cooler temperatures for late season finish
- Bred by Syngenta Flowers–Goldsmith Seeds

SIERRA™ 12–14" 27–30 weeks

- Slightly compact mounding habit
- Nice range of colors, including unique flame types
- Use for early and peak season production
- Bred by Syngenta Flowers–Goldsmith Seeds

SIERRA SYNCHRO™ 12–14" 28–32 weeks

- Excellent uniformity
- High bloom counts, large showy flowers
- Bred by Syngenta Flowers–Goldsmith Seeds

SUPER SERIE® MAMMOTH® 12–16" 32–34 weeks

- Long flower life, abundant and uniform blooms
- Thick, firm flower stems
- Extremely large flower size
- Bred by Schoneveld

WINTER ICE™ 12–14" 28–32 weeks

- Unique silver foliage
- Strong plants feature thick stems and abundant flowers
- Thrives inside or outside (under mild winter conditions)
- Bred by Syngenta Flowers–Goldsmith Seeds

TESSERA SUCCULENTS

Succulents have become a profitable and important component of every grower's spring and summer line-up. Our Tessera program—named for the individual components of a Mosaic—offers you the best and most interesting varieties that will fit easily into a wide range of production programs. These premium and bench-mark varieties provide a simple, and easy-to-grow list of high-quality young plants that will allow you and your customers to tap into this exciting growth sector.

TESSERA SUCCULENTS

The beauty of the Tessera program goes beyond skin deep, offering brilliant benefits for eco-conscious gardeners and growers alike. Cold-hardy varieties like Sedum, Sempervivum and Delosperma are perfect for green walls and roofs, while more tropical selections like Aloe, Agave and Echeveria can really ramp up the processing speed on your Succulent program's success. Tessera varieties are also available in mixed trays, and picture tags for every variety.

AEONIUM luteovariegatum

☀️ 🌑 Z 9-11 8-16"

A gorgeous mid- to large-sized Aeonium with white leaves striped with green. May develop pink tinges at the margins. [72](#)

AEONIUM variegatum

'Mini Tricolor'

☀️ 🌑 Z 9-11 8-16"

Star-shaped golden flower spikes emerge from the center of variegated rosettes. Perfect in mixed containers and landscapes. [72](#)

AEONIUM hybrid

'Kiwi'

☀️ 🌑 Z 9-11 24-36"

Upright/mounding habit with dazzling foliage in pinks, oranges and greens, and pale yellow flowers in summer. One of the most colorful Aeoniums. [72](#)

top
seller

AEONIUM hybrid

'Zwartkop'

☀️ 🌑 Z 9-11 12-36"

Medium growth rate, upright habit with a striking dark terminal rosette, almost black leaves, and yellow star-shaped flowers. [72](#)

top
seller

AGAVE attenuata

'Blue Flame'

☀️ 🌑 Z 9-11 24-36"

This beautiful succulent is named for its blue cast foliage that forms clumps with rosettes. One of our favorites. [72](#) [TC](#)

AGAVE attenuata AGAVWS

Ray of Light PP21854

☀️ 🌑 Z 9-11 24-36"

Rosette of beautiful blue-green leaves with a lovely white margin. Spineless and thornless. [72](#) [TC](#)

AGAVE hybrid

'Blue Glow'

☀️ Z 8-11 14-18"

Beautiful smaller Agave with solitary rosettes, blue-green leaves and short, red terminal spines. [72](#) [TC](#)

new

AGAVE impressa

'Impressive'

☀️ 🌑 Z 8-11 24-36"

Each leaf has fabulous white lines imprinted. Forms a solitary rosette without teeth. Makes a statement in the landscape. [72](#) [TC](#)

'Violet Showers'

☀ Z 9-11 12-18"

Mounding rosettes of blue-grey foliage and attractive clusters of hot pink flowers on 12" stems. 72

CRASSULA coccinea

'Campfire'

☀ 🌑 Z 9-11 8-12"

Striking mounding/clumping plant has scarlet foliage in cool night temperatures. Orange to green when grown warm. 72

CRASSULA conjuncta
'Giant String O' Buttons'

☀️ 🌑 Z 9-11 8-12"

Upright columns of stiff triangular leaves flushed with red. Pink flowers in the summer. Awesome in mixed succulent containers. 72

top seller

CRASSULA corymbulosa
'Sharks Tooth'

☀️ 🌑 Z 9-11 6-12"

Red-tinged rosettes form a pyramidal pagoda-shaped mound. Full sun for red color. 102

CRASSULA lycopodioides
'Princess Pine'

☀️ 🌑 Z 9-11 12-18"

Fast-growing favorite with green foliage and yellow-green flowers. Perfect for containers. 102

CRASSULA muscosa
'Watch Chain'

☀️ Z 9-11 6-12"

Sparkling blue-green, evergreen foliage and light yellow to nearly white flowers. Nice spreading habit. 102

CRASSULA ovata
'Hobbit'

☀️ 🌑 Z 9-11 12-24"

Curiously-shaped fleshy leaves have the appearance of tiny suction cups at the leaf tip. Use to add interest to containers or beds. 102

CRASSULA ovata arborescens
Baby Jade

☀️ 🌑 Z 9-11 12-24"

Green leaves with tinged red tips. Excellent for use in containers. 102

CRASSULA ovata arborescens
Large Jade

☀️ 🌑 Z 9-11 14-36"

This classic succulent has large round leaves that turn red in cooler temperatures and full sun. White flowers in winter. 102

CRASSULA pellucida variegata
'Calico Kitten'

☀️ 🌑 Z 9-11 2-4"

This succulent is the cat's pajamas, with tiny pink and white variegated triangular leaves. Great for a trailing item in containers. 102

CRASSULA perforata
'String of Buttons'

☀️ 🌑 Z 9-11 8-12"

A real conversation piece. Bright red flowers. Unique succulent with oblong, sickle-shaped, gray-green leaves. 102

CRASSULA perforata
'Variegata'

☀️ 🌑 Z 9-12 8-12"

A variegated form of "String of Buttons." Perfect for dish gardens as an upright component. 102

CRASSULA picturata

'Tiger Jade'

☀️ 🌑 Z 9-11 4-6"

This cute little plant forms pagoda shaped rosettes. Older green leaves have purple tips. 102

CRASSULA rupestris

'Baby Necklace'

☀️ 🌑 Z 9-11 12-24"

Succulent leaves are small, rounded and tightly stacked. 102

CRASSULA falcata

'Propeller'

☀️ 🌑 Z 9-11 12-24"

Interesting grey-green propeller shaped glaucous leaves are arranged in overlapping pairs with clusters of tiny scarlet to orange-red scented florets that rise above foliage. 72

DELOSPERMA aberdeenense

'Tiny White'

☀️ Z 5-11 4-6"

Succulent iceplant covered in white flowers. Ground cover. 102

DELOSPERMA basuticum

'Yellow Rosette'

☀️ Z 7-12 4-6"

Vibrant flowers against green foliage. 102

DELOSPERMA cooperi

'Cooper's Ice'

☀️ Z 5-11 6-8"

Vibrant rose-pink flowers in spring. Excellent in rock gardens as groundcover. 102

DELOSPERMA dyeri ^{PSDOLD}

Red Mountain®

☀️ Z 5-11 4-6"

Succulent covered with lush, red flowers in spring is perfect for rock gardens and low-water plantings. 102

DELOSPERMA sp.

'Tiny Pink'

☀️ Z 5-11 4-6"

Hardy and durable groundcover that is covered with pink flowers in spring. 102

DELOSPERMA sp.

'Trailing Yellow'

☀️ Z 5-11 4-6"

Succulent with small yellow flowers. Looks terrific in rock gardens and borders. 102

ECHEVERIA imbricata

'Black Prince'

☀️ 🌑 Z 9-11 6-8"

Purple-black leaves form rosettes with red flowers. Very cool in containers. 72

ECHEVERIA prolifica

☀️ 🌑 Z 9-11 4-6"

Rosettes of silver-green leaves produce vigorous offsets and yellow flowers. [72](#)

top seller

ECHEVERIA

'Ruffles'

☀️ 🌑 Z 9-11 4-12"

Smaller version of the popular frilled echeverias. Use in containers as a fabulous specimen. [72](#)

ORNAMENTAL GRASSES

Ornamental Grasses were once exclusively the provenance of nursery growers, but with the last decade's innovative breeding and seed-technology breakthroughs, more varieties are available in more ways. From the best seed-raised varieties, to unusual and interesting vegetative introductions, this growing category is now an important part of every grower's seasonal mix. Our comprehensive list of grasses covers all the bases for programs both large and small and makes it easy to develop and grow a profitable grass offering.

GRASS-LIKE PLANTS

Our offerings span the spectrum of colors and forms, and include Kieft Color Grass, Grasses of Fantastic Foliage by Pan American and stunning varieties from division and tissue culture like Pennisetum Fireworks and Garden Dancer Cordyline.

BESCHORNERIA yuccoides BESYS
Flamingo Glow PP22162

☀️ 🌑 Z 8-11 48-72"

Grown for its striking foliage. Flower spikes emerge mid-spring with large pink bracts. Excellent upright specimen in mixed containers. [72 TC](#)

top
seller

CORDYLINE australis
'Red Sensation'

☀️ 🌑 Z 9-11 8-16"

This showy plant has a clumping habit and long, bronze-red leaves. Use in large containers and landscape plantings. [72 TC](#)

CORDYLINE australis
'Red Star'

☀️ 🌑 Z 9-11 24-36"

This showy and vigorous plant has very dark red, sword-like leaves. Upright habit and with age will branch to produce several heads. [72 TC](#)

GARDEN DANCER™ 'Can Can'

GARDEN DANCER™ 'Cha Cha'

top
seller

GARDEN DANCER™ 'Jive'

GARDEN DANCER™ 'Samba'

GARDEN DANCER™ CORDYLINE 'Can Can' PPAF

☀️ 🌑 Z 8-11 3-5'

Stunning clump-forming Cordyline is perfect for containers. Bright variegation of pink on red on new growth. As foliage matures the variegation changes to cream on green. [72 TC](#)

GARDEN DANCER™ CORDYLINE 'Cha Cha' PPAF

☀️ 🌑 Z 8-11 3-4'

Clumping form with a nice variegation of apricot on brown. As foliage matures, the variegation changes to yellow on green. Ideal specimen in containers and garden. [72 TC](#)

GARDEN DANCER™ CORDYLINE 'Jive' PPAF

☀️ 🌑 Z 8-11 4-8'

Upright Cordyline with stunning foliage of yellow on lime green. [72 TC](#)

GARDEN DANCER™ CORDYLINE 'Samba' PPAF

☀️ 🌑 Z 8-11 4-8'

Upright Cordyline with stunning pink and red foliage. Over time, this upright variety will form a solid trunk. Suitable for landscapes and containers. [72 TC](#)

ANEMANTHELE lessoniana
'Sirocco'

☀️ 🌑 Z 8-11 12-14"

This delightful annual grass adds movement and texture to a wide range of settings. Color turns to shades of copper and pink under cool conditions. 4-6" pot production. [128](#), [288](#)

CAREX buchananii
'Firefox'

☀️ 🌑 Z 5-11 12-18"

Intensive fox brown to reddish foliage with an upright habit. [128](#), [288](#)

CAREX buchananii
'Red Rooster'

☀️ 🌑 Z 7-11 12-18"

Red-bronze grass has curled tips and an upright habit. [128](#), [288](#)

CAREX comans
'Amazon Mist'

☀️ 🌑 Z 7-11 8-10"

Variegated light- to medium-green grass has twisting tips and an arching habit. [128](#), [288](#)

CAREX comans
'Bronco'

☀️ 🌑 Z 7-11 8-10"

This bronze variety has an arching habit, making it a gorgeous container specimen. [128](#), [288](#)

CAREX comans
'Frosted Curls'

☀️ 🌑 Z 6-11 8-10"

Striking silvery foliage forms dense clumps. Excellent in mixed containers. [128](#), [288](#)

CORYNEPHORUS canescens
'Spiky Blue'

☀️ Z 5-11 8-10"

Compact spiky tufts of blue-green foliage mature to reddish green. [128](#), [288](#)

CYPERUS alternifolia
'Wild Spike'

☀️ 🌑 Z 9-11 36-48"

Narrow green fronds with an upright and cascading, informal habit. Works well in mixed containers and as an aquatic plant. [128](#), [288](#)

ERAGROSTIS curvula
'Wind Dancer'

☀️ Z 6-11 24-36"

Commonly known as Love Grass, with narrow, bluish-green foliage and airy flower plumes in summer. Drought-tolerant and native to North America. [128](#), [288](#)

FESTUCA glauca
'Blue Select'

☀️ 🌑 Z 7-11 8-10"

Blue-green clumps make this a popular landscape variety. [128](#), [288](#)

FESTUCA glauca

'Festina'

☀️ 🌑 Z 4-11 8-10"

Very cold-hardy variety with dense, compact tufts of blue-green. 128, 288, 512

ISOLEPSIS cernua

'Live Wire'

☀️ 🌑 Z 9-11 6-8"

Top-seller. Unique annual grass-like plant, ideal for adding texture to mixed containers. 128, 288

top seller

JUNCUS effusus spiralis

'Twisted Arrows Mix'

☀️ 🌑 Z 5-11 18-36"

Combines Blue Arrows and Curly Juncus for a high-impact mix of color and textures. Ideal for mixed containers. 128, 288

JUNCUS effusus spiralis

'Twister'

☀️ 🌑 Z 5-11 18-36"

Curly green foliage with an upright habit. Easy to grow and thrives in wet conditions. 128, 288

JUNCUS inflexus

'Blue Arrows'

☀️ 🌑 Z 5-11 24-36"

Top-seller. Foliage is blue-green in color and strands are stiff and upright. Well-suited to bedding and mixed containers. In the garden it will do well in wet areas, but is also drought-tolerant once established in the ground. 128, 288

top seller

JUNCUS pallidus

'Javelin'

☀️ 🌑 Z 7-11 3-4'

An excellent thriller for mixed containers—this tall and stately green grass makes a dramatic statement. 128, 288

JUNCUS tenuis

'Blue Dart'

☀️ 🌑 Z 6-11 12-16"

Linear blue foliage creates texture to small containers and in-ground plantings. Low maintenance and very adaptable. 128, 288

KOELERIA glauca

'Coolio'

☀️ 🌑 Z 6-11 6-20"

This upright, perennial blue-green grass is ideal for dry locations. 128, 288

MELINIS neviglumis

'Savannah'

☀️ 🌑 Annual 12-16"

Blue-green grass matures to purple-red in fall. Small, tight mounded habit with silky pink flowers in summer. 128, 288

MILIUM effusum

'Flashlights'

🌑 Z 6-11 18-24"

Bright golden-yellow grass with upright habit. Eye-catching selection for borders and planters. Best color in spring. 128, 288

PENNISETUM glaucum
'Purple Majesty F1'

☀️ 🌑 Annual 4-5'

Accent plant with deep purple foliage, stems and flower plumes. A striking backdrop plant and excellent choice for mass plantings and large mixed containers. Also sold as "Ornamental Millet." 128, 288

PENNISETUM setaceum
'Cherry Sparkler' PP22538

☀️ 🌑 Z 9-11 3-4'

Foliage is green and cream variegated and is overlaid with a soft pink blush. Cooler temperatures increase pink tones. Burgundy plumes stand tall above the foliage. Generous water and fertility keep this grass popping. 72

PENNISETUM setaceum
'Fireworks'

☀️ 🌑 Z 6-11 12-16"

Fireworks is the first variegated purple fountain grass. The midvein is the typical burgundy color and is flanked by hot pink margins. 72

PENNISETUM setaceum
'P. rueppellii'

☀️ 🌑 Z 9-11 3-4'

Tinged deep burgundy-purple throughout, bears pendulous panicles. 128, 288

PENNISETUM setaceum
'Red Riding Hood'

☀️ 🌑 Z 6-11 12-16"

This dwarf purple fountain grass is perfect for containers as an accent or in the landscape. 72

PENNISETUM setaceum
'Rubrum'

☀️ Z 9-11 3-4'

Popular for its red foliage and showy burgundy flowers from early summer to frost. 72

PENNISETUM setaceum
'Sky Rocket' PP21497

☀️ 🌑 Z 6-11 3-4'

No annual grass has such bright white and green variegation. White plumes are blushed with burgundy. Large stature makes a statement in the garden. Generous water and fertility keep this grass popping. 128, 288

SESLERIA caerulea
'Blue Moor Grass'

🌑 🌑 Z 5-11 12-16"

This cool-season grass has leaves that are dark on top, and blue-gray underneath. Flowers are purple and turn gold. Use in mass plantings, filler and edging. Does well in light shade. 128, 288

STIPA tenuissima
'Ponytails'

☀️ Z 7-11 4-5'

Top-seller. Light green foliage with silky leaves that look like flowing blonde hairs that go from silky green to gold as it matures. Plant is very full and does well in landscape backgrounds or along drier areas. 128, 288

ZEA mays
'Field of Dreams'

☀️ Annual 4-5'

Eye-catching variety has strong white stripes running through wide, wavy, pink-tinged green leaves. More compact and branched than others of this type. 128

POINSETTIA

For 2013, you'll be able to purchase Poinsettia young plants from Plug Connection in a variety of ways for the holiday season:

- 1 Rooted liners from Dummen, Selecta and Syngenta's line-up. Pricing is available from your favorite Plug Connection broker.
- 2 Many of our customers also purchase directly from the Ecke listing—Plug Connection will continue to be a rooting station for their classic Poinsettia collection for 2013.
- 3 Still new for many of our customers is the ability to purchase all Dummen products through their select network of brokers—simply select Plug Connection as your rooting station.

Clear skies and warm temperatures by day, and afternoons and nights cooled by light ocean breezes. The highest light levels in North America. It's another perfect day in Vista, California. And the ideal climate in which to grow young plants.

Established in 1987, Plug Connection was the west coast's first ornamental young plant specialist. Today we are one of the largest liner and plug producers in the country. Whatever your company's size or location, we have the products, programs, services and flexibility that will increase your profits.

350,000+ sq. ft. greenhouse space. Our finishing houses (stages three and four) have roll-up roofs and drop-down side walls that dissipate heat and humidity during the day.

Shorter finish times, faster turns, year-round availability. Toned and hardened by the sun and the cool breezes blowing off the Pacific Ocean, our liners and plugs are exceptionally compact and vigorous.

TAKE A TOUR

Regardless if you are coming to see our team, our facilities or simply get your Buddy fix— visitors are always welcome at Plug Connection. Located in the coastal foothills of the Santa Ana Mountains, our facilities are just seven miles from the ocean and 30 miles north of San Diego. To schedule a visit, contact 760.631.0992 or email info@plugconnection.com
