

## erysimum GLOW™

This exciting new hardy perennial series of interspecific hybrids is the smallest of the bunch. Ground-hugging, tight plant habit and myriad small, honey-scented flowers in a range of citrus colors in early spring. Small foliage and very compact habit with flowers that appear right above the leaves. Very hardy and tough, these varieties provide masses of reliable color for early-season sales and make excellent rock garden or container specimens. Best in 4-6" pots. Plant in late summer for spring sales. Hardy Zones 5-11. Peak Availability Weeks 25-45.

### CORAL GLOW <sup>PPAF</sup>

Apricot-colored, strongly fragrant flowers.

### GOLDEN GLOW <sup>PPAF</sup>

Bright golden-yellow, honey-scented flowers.

### ORANGE GLOW

Solid navel-orange flowers, strong fragrance.

ERYSIMUM Orange Glow

## erysimum POEM

A new series of hybrids with a profusion of medium-sized, sweetly scented flowers in a range of wonderful pastel colors, flowering non-stop from early spring to early summer. Bushy in habit, frost-tolerant and tough, these varieties provide masses of reliable color for early-season sales. Very early flowering. Best in 5" to 1 gallon pots. Plant in late summer for spring sales. Hardy Zones 8-11. Peak Availability Weeks 25-45.

### POEM LILAC

Intense lilac-purple flower spikes.

### POEM LAVENDER

Soft lavender flower spikes.

### POEM PASTEL <sup>PPAF</sup>

Flowers open pale primrose-yellow and darken to soft lavender.

### POEM MIRABELLE <sup>PPAF</sup>

Flowers open bright golden-orange, darkening to rosy peach tones.

POEM Lavender

POEM Pastel

POEM Mirabelle

## erysimum RYSI

A new series of hybrid perennial wallflowers with a well-branched yet upright plant habit. Medium-sized, fragrant flowers in a broad range of bright colors. Flowering from early spring through early summer, very bushy in habit with short flower spikes, frost-tolerant and tough. An excellent choice for high-value crops in early-spring pansy season. Best in 5" to 1 gallon pots. Hardy Zones 8-11. Plant in late summer for early-spring sales. Peak Availability Weeks 25-45.

### RYSI BRONZE

Golden flowers flushed with bronze tones.

### RYSI COPPER<sup>PPAF</sup>

Flowers open tangerine-copper and pale to golden-orange.

### RYSI GOLD

Solid chrome-yellow flowers.

### RYSI MOON<sup>PPAF</sup>

Flowers open cream and fade to milky white.

### RYSI STAR<sup>PPAF</sup>

Flowers open bright acid-yellow and fade to primrose.
